# ALLERGENS

## REGULATION CE 1169/2011 - ANNEX II SUBSTANCES OR PRODUCTS CAUSING ALLERGIES OR INTOLERANCES

On the menu, next to the name of the dishes, you will find an indication of the allergens present as ingredients of the substance itself.

*Allergens are indicated by a small number.*

- 1. Cereals containing gluten and derivates*
- 2. Crustaceans and derivates*
- 3. Eggs and derivates*
- 4. Fish and derivates*
- 5. Peanuts and derivates*
- 6. Soybeans and derivates*
- 7. Milk and derivates (including lactose)*
- 8. Nuts as almonds and derivates*
- 9. Celery and derivates*
- 10. Mustard and derivates*
- 11. Sesame seeds and derivates*
- 12. Sulphur dioxide and sulphites at concentrations above 10 mg/kg or mg/l as SO<sub>2</sub>*
- 13. Lupins and lupin based products*
- 14. Molluscs and derivates on molluscs*

The food we serve is prepared in the kitchen, where different foods are processed, so it may be present traces of the allergens listed above.
